Yesterday's Transfers Show Several Large Transactions in Acreage Tracts.

BUILDING PERMITS

Locomotive Works to Erect New Forging Shop to Cost \$76,000. Several New Concerns Secure State Incorporation Papers.

Real estate transactions yesterday show a continued demand for residential property. The sales made were in the main for small property, and denote a good tone to the Jocal market. The agencies report that there are a large number of inquiries being made, both for city and suburban property. The rainy weather is causing auction sales to be postponed. Country property featured the sales that went to record yesterday.

A building permit was granted the American Locomotive Works yesterday for the erection of a new forging shop at the Richmond branch on Seventh Street, which will cost \$76,300. The Locomotive Works is following the lead of other companies and railroads and making all the improvements that are needed while business is dull.

Among the largest deeds going to record yesterday was the sale of 359.42 acres at Seven Pines by the Virginia Railway and Power Company to the Industrial Land Corporation for a consideration of \$21.565.20. H. M. Stuart transferred to R. Beirne Blair a lot of land fronting 124 feet on the east side of the Three Chopt Road, near the city, for \$14.000.
